Heavy-Duty Cleaning & Protection for Professional Transport & Machinery

NANOCLEAN TRUCK is a modern line of cleaning products designed for professional washing of trucks and construction equipment. Our formulas combine efficiency with environmental care, ensuring excellent results with minimal effort.

Why choose NANOCLEAN TRUCK?

SUPERIOR CLEANING POWER

Removes grease, road grime,
and industrial contamination
effortlessly.

LONG-LASTING SURFACE PROTECTION

Protects aluminum, stainless steel
and painted surfaces from oxidation
and corrosion.

HEAVY-DUTY DEGREASERS & DECONTAMINANTS

Ideal for undercarriages, chassis
and engine compartments.

SAFE & EFFICIENT SOLUTIONS

Designed for transport, logistics,
construction, and agriculture.

SAFE & EFFICIENT SOLUTIONS

Effective for regular maintenance
and deep industrial cleaning.

Keep Your Fleet & Heavy Machinery in Top Condition with NANOCLEAN TRUCK!

Whether you need active foams for truck exteriors, aluminum and wheel cleaners, or extreme rust and concrete removers, NANOCLEAN TRUCK delivers professional-grade solutions for every heavy-duty cleaning challenge.

TRUCK

UNIFOAM WASH

V44

V44 UNIFOAM WASH is a powerful, high-foaming alkaline cleaner (pH=12) with nano gloss effect, designed for effective pre-wash and regular washing of all vehicle types, including cars, trucks, buses, and commercial fleets. Its dense, long-lasting foam clings to surfaces, effectively breaking down road grime, grease, and heavy dirt without a risk of damaging paint, plastic, or rubber. Recommended as a post acidic alkaline wash & neutralising procedure.

Key benefits:

- **Deep-cleaning active foam** – Lifts and removes stubborn dirt & grease.
- **Safe for all vehicle surfaces** – Suitable for paint, plastics, tarps & wheels.
- **Strong alkaline formula** – Ideal for commercial and industrial use.
- **Compatible with foam cannons & sprayers** – Can be used in high-pressure systems.
- **Biodegradable & effective** – Professional-grade cleaning with environmental safety.

PACKAGING:

	Canister	Canister	Dum	IBC
Capacity	5 L	20 L	200 L	1000 L

PREWASH & ACTIVE FOAM

TRUCK

TRUCK CLEANER ACTIVE FOAM

V45

V45 TRUCK CLEANER ACTIVE FOAM is a professional highly concentrated alkaline foam cleaner (pH:12.5), designed for trucks, trailers, buses, and industrial vehicles. Its thick active foam adheres to surfaces, effectively breaking down heavy dirt, grease, insects and road grime. Ideal for high-pressure washing systems and foam sprayers, it ensures a deep clean with minimal effort, leaving vehicles spotless.

Key benefits:

- **Powerful dirt & grease removal** – Easily eliminates tough contaminants.
- **Hick, long-lasting foam** – Clings to surfaces for maximum cleaning action.
- **Safe for all exterior vehicle surfaces** – Works on paint, plastics, aluminium, copper alloys and rubber.
- **Biodegradable formula** – Effective yet environmentally friendly.responsible.

POWERWASH ULTIMATE CONCENTRATE

V46

Versalite

Economical

Biodegradable

V46 POWERWASH ULTIMATE CONCENTRATE is a highly concentrated the strongest alkaline active foam cleaner (pH:13.5), designed for professional heavy-duty vehicle cleaning. It effectively removes grease, dirt, oil, and industrial contaminants from trucks, construction machinery, excavators, trains, and ships. Compatible with high-pressure washers, foam systems, and manual cleaning, it provides maximum cleaning power while being safe for painted and metal surfaces. Its fast-acting formula ensures efficient cleaning with minimal effort.

Key benefits:

- **Strong degreasing power** – Removes heavy dirt, oil, and road grime.
- **Versatile application** – Works with foam lances, sprayers, and manual cleaning.
- **Safe for all exterior surfaces** – Suitable for paint, plastic, metal, and rubber.
- **Highly concentrated & economical** – Use as little as 1% dilution for effective cleaning.
- **Biodegradable formula** – Powerful yet environmentally responsible.

HYDROWAX EXTRA

V47

V47 HYDROWAX EXTRA is a high-performance hydrophobic gloss wax designed to protect and enhance the surfaces of trucks, trailers, tankers, dump trucks, construction machines, and agricultural equipment. This advanced formula repels water, prevents streaks, and speeds up drying, leaving a high-gloss, UV-protected finish. Ideal for both manual and automatic wash systems, it extends the lifespan of painted surfaces by shielding them from oxidation, dirt buildup, and environmental contaminants.

Key benefits:

- **Hydrophobic Protection** – Creates a water-repellent barrier, preventing streaks and water spots.
- **Enhanced Gloss & Color Depth** – Leaves a silky-smooth, showroom-ready finish.
- **UV & Environmental Protection** – Shields surfaces from fading, oxidation, and dirt adhesion.
- **Fast Drying Effect** – Speeds up the drying process for more efficient fleet maintenance.
- **Highly Concentrated & Economical** – Low dilution rates for cost-effective use.

ALUBRITE MAX V50

Powerful
formula

Quick action

V50 ALUBRITE MAX is a high-strength acidic cleaner (pH<1) designed to effectively remove oxidation, dirt, grease, and mineral buildup from aluminum, stainless steel tanks, and alloy wheels. Its advanced formula, free from chlorine and phosphorus, restores metal surfaces to their original shine without causing damage. Ideal for stainless steel tank cleaning, wheel restoration, and industrial applications, it ensures a deep clean with minimal effort.

Key benefits:

- Removes oxidation, grease & dirt from aluminum and stainless steel.
- Restores shine & brightness to metal surfaces.
- Fast-acting, professional-grade cleaning power.
- Safe for industrial & automotive applications.

CONCLEAN HD

V51

V51 CONCLEAN HD is an industrial-strength acidic cleaner (pH=1), specially formulated for removing hardened concrete, limescale, rust, and mineral deposits from construction machinery, mixers, cement trucks, and tools. Its highly effective formula, based on advanced acidic compounds, quickly breaks down stubborn residue without damaging metal and glass surfaces. Ideal for heavy-duty cleaning in construction and industrial environments, it ensures optimal maintenance and long-lasting protection for equipment.

Key benefits:

- Removes hardened concrete, cement residues & mineral deposits.
- Dissolves rust, limescale & iron stains for clean and well-maintained equipment.
- Powerful formula for fast and effective descaling.
- Safe for construction machinery, mixers, cement trucks & tools.
- Professional-grade performance for industrial applications.

RUST STRIPPER

V52

V52 RUST STRIPPER is a high-strength acidic cleaner designed for chassis, undercarriage of trucks, construction machines, and industrial equipment. It effectively removes rust, limescale, cement, and concrete residues from undercarriages, wheels, and metal components, restoring their original surface without the need for sandblasting. Its powerful formula penetrates and dissolves heavy contamination, making it ideal for severely corroded surfaces. Warning: Do not use on glass!

Key benefits:

- Dissolves rust, oxidation, and heavy deposits
- Removes cement, concrete, and limescale residues
- Ideal for truck undercarriages, wheels, and construction machinery
- Restores metal surfaces for further treatment
- High-performance acidic formula
